09:00-09:30	Opening Ceremony <i>B. Lunenfeld, Israel & H. Schulte, Germany</i> Chairpersons: <i>B. Lunenfeld, Israel & H. Schulte, Germany</i>				Session 7: Intentional and Unintentional Injuries Among Aging Male (organized by EUNISE) Chairperson: <i>E. Petridou, Greece</i> 09:00-09:20 The Burden of Intentional and Unintentional Injuries Among Aging Male in the EU-27 <i>E. Petridou, Greece</i> 09:20-09:40 The Epidemiology of Injuries Among Men in Latin American Populations <i>K. Markides, Greece</i> 09:40-10:00 Injuries Among Aging Male: Risk Factors for Male Gender and Male Gender as "Risk Factor" <i>A. Ntampagos, Greece</i> 10:00-10:20 Good Practices for Effective Injury Prevention Among Aging Male <i>M. Benyi, Hungary</i> 10:20-11:00 General Discussion	09:00-09:30 Testosterone Replacement Therapy with GEL (GTRT) in Clinical Practice Has A High Compliance in Males with Late-Onset Hypogonadism <i>C. Ljunggren, Sweden</i> 09:30-09:40 The Effects of Different Testosterone Dosages and Administration Routes Upon Frailty and Visceral Adiposity in the Elderly <i>F. Sirofi, Italy</i> 09:40-10:00 Androgen Effects on Spermatogenesis in Men <i>G. Mshahya, Russia</i> 10:00-10:20 HCG Restores Spermatogenesis in Patients, Receiving Treatment with Testosterone Undecanoate (NEBIDOB) <i>S. Kalinchenko, Russia</i> 10:20-10:40 Exercise Training and Testosterone Replacement Therapy in Physically Fit Elderly Men: Results of a Randomized, Placebo-Controlled Pilot Study <i>E. Binder, USA</i>	
09:30-11:00	Plenary Lectures <i>B. Lunenfeld, Israel & H. Schulte, Germany</i> 09:30-10:30 The Quebec Government's Approach to the Overall Management of the Aging Population <i>J. Kuzmarov, Canada</i> 10:00-10:30 Frailty of Aging Male as a Disruption of Hormonal Synchrony <i>G. Valenti, Italy</i> 10:30-11:00 Men and More <i>H. Schulte, Germany</i>			09:00-11:00		09:00-11:00	
11:00-11:30	Coffee Break, Poster Viewing	11:00-11:30	Coffee Break, Poster Viewing	11:00-11:30	Coffee Break, Poster Viewing	11:00-11:30	Coffee Break, Poster Viewing
11:30-13:00	Session 1: The Metabolic Male (the CSSAM Session is supported by an unrestricted educational grant from Solvay Pharma) Chairperson: <i>G. Brock, Canada</i> 11:30-11:50 Bone Health and Nutritional Aspects of Aging <i>C. Folia, Canada</i> 12:00-12:30 The Effect of Exercise on the Man With Metabolic Syndrome <i>J. Lee, Canada</i> 12:30-12:50 Luts and the Prostate. The Aging Male Looking into the Void <i>J. Barkin, Canada</i> 12:50-13:10 Hormonal and Aging Effects on the Cardiovascular System <i>J. Gawinski, Canada</i> Conclusions and Summary with Interactive Case Presentation and Panel	11:30-13:00	Session 2: Aging - An International Perspective Chairpersons: <i>I. Kuzmarov, Canada & T. Olsen, Denmark</i> 11:30-11:45 The Community Hospital and its Development of Comprehensive Cancer Programs for the Geriatric Population in the Province of Quebec Using the Interdisciplinary, "Whole Person Approach" <i>I. Kuzmarov, Canada</i> 11:45-12:00 Cultural Differences, Role and Function of Age Groups in Immigration Context Among Senegalese and Gambian Males in Spain <i>P. Sow, UK</i> 12:00-12:10 Validation of an Arabic ADAM Questionnaire for Androgen Deficiency in Saudi Men <i>D. M. Rabah, Saudi Arabia</i> 12:10-12:20 Early-Life Etiology of Age-Related Metabolic Disorders: Epidemiological Evidence <i>A. Vaiserman, Ukraine</i> 12:20-12:40 Interventional Treatment of Carotid Stenosis in Elderly <i>C. Olah, Hungary</i> Special Non-Medical Treatment of Atherosclerosis: Hungarian Balneotherapy <i>C. Olah, Hungary</i>	11:30-13:00	Session 8: The Need for and Safety of Testosterone Treatment Chairperson: <i>M. Carruthers, UK</i> 11:30-11:50 The Adipocyte - Axis of Evil - Detailing the Part that Adipocytokines Play in Disease and How These Are Modified by Testosterone <i>T. Finckh, UK</i> 11:50-12:10 The Long-Term Prostate Safety of Testosterone Treatment - The Latest Results of the UK Androgen Study <i>M. Fenwick, UK</i> 12:10-12:30 Time for International Action on Treating Testosterone Deficiency Syndrome - Based on the paper published in the latest edition of the Aging Male <i>M. Carruthers, UK</i>	11:30-13:00	Session 9: Incontinence and Urological Problems in the Aging Male (Part I) Chairperson: <i>U. Malinster, Sweden</i> 11:30-11:40 Penile Prosthesis Implantation: Complications and Results <i>A. Shamsodin, Qatar</i> 11:40-11:50 Complication of Penile Augmentation: Two Steps Penile Skin Reconstruction After Silicone Injection Granulomatous Reaction <i>A. Shamsodin, Qatar</i> 11:50-12:00 Prostate Cancer: Antiandrogen Therapy and Cardiovascular Risk: What's the Matter? <i>S. Reinosuo, Helsinki, Spain</i> 12:00-12:10 Screening of Prostate Cancer in Men Older than 75 Years <i>I. Demircan, Greece</i> 12:10-12:20 The Effect of Testosterone Therapy on Androgen Receptor Expression in Biopsy of Castrated Rats <i>S. Cayan, Turkey</i>
13:00-14:00	Lunch Break, Poster Viewing	13:00-14:00	Lunch Break, Poster Viewing	13:00-14:00	Lunch Break, Poster Viewing	13:00-14:00	Lunch Break, Poster Viewing
14:00-15:30	Session 3: How to Improve the Duration and Quality of Men's Live? (organized by ISSAM Russia) Chairperson: <i>S. Kalinchenko, Russia</i> 14:00-14:30 Endocrine Aspects Sexual Dysfunction in Male and Female <i>S. Kalinchenko, Russia</i> 14:30-14:50 Herbal Products in the Treatment of Erectile Dysfunction <i>G. Mshahya, Russia</i> 14:50-15:10 Obesity and Androgen Deficiency in Men <i>Y. Tshova, Russia</i> 15:10-15:30 New Perspectives in Pathogenic Treatment of Vascular Complications of Diabetes Mellitus <i>I. Gurieva, Russia</i>	14:00-15:30	Session 4: The Aging Male in Hungary (held in Hungarian) Chairperson: <i>G. Papp, Hungary & G. Hossar, USA</i> 14:00-14:20 Aging Male: Risks and Chances <i>L. Jodi, Hungary</i> 14:20-14:40 Urologic Disorders of Aging of Dr. Répássy, Hungary 14:40-15:00 Prostate Laser Vaporisation in the Old BPH Patients <i>L. Répássy, Hungary</i> 15:00-15:20 Osteoporosis of the Aging Male <i>P. Lakatos, Hungary</i> 15:20-15:30 General Discussion	14:00-14:40	Session 11: Diagnosis, Screening and Management for Endocrine Deficiencies in the Aging Male Chairpersons: <i>V. Povozoznyuk, Ukraine & O. Vaiserman, Ukraine</i> 14:00-14:20 Physical Performance in Hypogonadic Older Men <i>F. Laurentini, Italy</i> 14:20-14:40 Influence of Endogenous Testosterone on APOB/APOA-1 Ratio as a Strongest Risk Factor for Cardio Vascular Disease (CVD) in Aging Male <i>M. Barac, Serbia</i>	14:00-15:30	Session 12: Metabolic Syndrome: Management and Prevention of Consequences (Diabetes, CVD, etc.) Chairpersons: <i>G. Ceda, Italy & A. Muneer, UK</i> 14:00-14:20 Hypogonadism, Metabolic Syndrome and Type 2 Diabetes <i>H. Jones, UK</i> 14:20-14:35 Obesity, Metabolic Syndrome, and Aldosterone <i>N. Gonorov, Russia</i> 14:35-14:45 Age-Related Differences in 1-Week to 1-Year Survival After Stroke in Post-Menopausal Women and Men of Similar Age <i>K.K. Andersen, Denmark</i> 14:45-14:55 The Influence of Age on the Cardiovascular Risk Factor Profile in 40-150 Men & Women with Acute Stroke <i>K.K. Andersen, Denmark</i>
15:30-16:00	Coffee Break, Poster Viewing	15:30-16:00	Coffee Break, Poster Viewing	15:30-16:00	Coffee Break, Poster Viewing	15:30-16:00	Coffee Break, Poster Viewing
16:00-18:00	Session 5: Medical and Non-Medical Approaches to Male Health and Aging Chairperson: <i>M. Maggio, Italy & W. Wuttke, Germany</i> 16:00-16:15 The Molting Hormone 8-Ecdysone has Beneficial Effects in the Aged Organism <i>W. Wuttke, Germany</i> 16:15-16:30 The Relationship Between Anabolic Hormones and Inflammatory Markers in Older Men <i>M. Maggio, Italy</i> 16:30-16:45 Hormonal Dysregulation and Clinical Outcomes in Elderly <i>M. Maggio, Italy</i> 16:45-17:00 Relationship Between Thyroid Function and Physical Performance in Male <i>G. Ceresini, Italy</i> 17:00-17:15 Relationship Between Total IGF-1, IGFBP-1, IGF-1/IGFBP-1 Ratio and Mortality in Older Population <i>G.P. Ceda, Italy</i> 17:15-17:30 Bioavailable Testosterone Decreases the Risk of Alzheimer's Disease in Non-Demented Chinese Older Men: A One-Year Cohort Study <i>L.W. Chu, Hong Kong, China</i> 17:30-17:40 The Effect of Hallux Valgus on the Foot Function and Balance in Older Men <i>Y. Kavliak, Turkey</i> 17:40-17:50 Age-Related Hearing Loss <i>D. Buvanover, Israel</i>	16:00-17:30	Session 6: The Aging Male in Hungary cont. (held in Hungarian) Chairperson: <i>G. Papp, Hungary & G. Hossar, USA</i> 16:00 - 16:20 Aging and Sexuality <i>G. Papp, Hungary</i> 16:20-16:40 Infertility and Aging <i>Z. Kopa, Hungary</i> 16:40-17:00 Changing Skin Disease Profile in Men Above 60 <i>J. M. Baló-Banga, Hungary</i> 17:00-17:20 Thyroid and Testosterone: The Thyroid of the Aging Male <i>I. Szabolcs, Hungary</i> 17:20-17:30 General Discussion	16:00-18:00	Session 13: Body Composition and Aging Chairpersons: <i>S. Vujovic, Serbia & N. Gonorov, Russia</i> 14:40-14:50 Effect of Weight Loss on Testosterone Level and Sexuality in Extremely Obese Men <i>S. Vujovic, Serbia</i> 14:50-15:00 Relationship of Hormonal Status and Bone State in Men <i>V. Povozoznyuk, Ukraine</i> 15:00-15:10 Structural-Functional State of Bone in Men of Different Age <i>V. Povozoznyuk, Ukraine</i> 15:10-15:20 Age-Dependent Features of Bone Tissue State in Ukrainian Men <i>V. Povozoznyuk, Ukraine</i> 15:20-15:30 The Molting Hormone 8-Ecdysone Has Beneficial Effects on the Development of the Metabolic Syndrome in Orchidectomized Rats <i>D. Seidlova-Wuttke, Germany</i>	16:00-17:10	Session 14: Management of Sexual and Erectile Dysfunction Chairperson: <i>K. R. Wylie, UK</i> 16:00-16:15 The Correlation Between Serum Testosterone and AMS, IEF Questionnaires in Patients of Erectile Dysfunction with Testosterone Deficiency Syndrome <i>D.G. Moon, South Korea</i> 16:15-16:30 Erectile Dysfunction, Testosterone Deficiency, Metabolic Syndrome and Prostatic Disease in Taiwan <i>H.S. Chiang, Taiwan</i> 16:30-16:45 How Many Men with Erectile Dysfunction May Benefit from Testosterone Therapy? <i>K.R. Wylie, UK</i> 16:45-17:15 The Potential Role of Sperm Biomarkers in the Assessment of Endocrine Homeostasis and Testicular Function in Aging Men <i>G. Hossar, USA</i> 17-17:45 The Neurobiology of Sexual Orientation - Total Medical Evidence Presentation <i>J. Goldstein, USA</i> 17:45-18:00 Prevalence & Extent of Sexual Problems on Self-Assessment in a Population of Aging Men - A 4-Year UK Experience <i>A. Muneer, UK</i>
18:00-19:00	General Assembly			18:15-19:15	General Assembly/Election of Executive Board		
19:00-20:00	Welcome Reception in the Foyer			19:15	CLOSURE
