

UPDATE: Wednesday, July 1 at 8:30 in Hall K

*The Lwoff Award Lecture by Karl-Heinz Schleifer:
Classification of Bacteria: From Unicellular Plants to
the Age of Genomics*

AT THE CLOSING LECTURE

On Thursday, July 2, 11:45-13:30 in Hall K

The André Lwoff Award

Will be awarded to

Karl-Heinz Schleifer

For outstanding service to Microbiology in Europe

*The Medal was commissioned as part of the
celebrations marking the Silver Jubilee of the
Federation in commemoration of Professor André
Lwoff, who served as its first President from 1974 to
1976. André Lwoff made significant contributions to
modern molecular biology and was awarded the Nobel
Prize in Physiology or Medicine in 1965, together with
François Jacob and Jacques Monod.*
